

Sumter County ARES

Amateur Radio Emergency Service
Mark Newby, KX4LEO
Emergency Coordinator

Thank you for your interest in membership to Sumter County ARES. This letter will guide you through the registration process, which is quite simple.

- Step 1** From your computer, go to www.sumterares.org/membership. There you will find links to download the below documents. If you do not have a computer, contact us and we will mail the documents to you.
- This Letter
 - An ARES Fact Sheet
 - ARES Manual
 - ARES Standardized Training Plan Task Book in either fillable PDF or Word format
- Step 2** Read the ARES Manual. It will explain everything you need to know about ARES.
- Step 3** Complete as much of the Standardized Training Plan Task Book as you can. Only those items listed as "R" (Required) in the Level 1 section are needed at this time. If you do not have a computer available, you can manually fill in the blanks by printing legibly.
- Step 4** Complete the ARES Registration Form.
- Step 5** Return your completed Registration Form AND Task Book to the Emergency Coordinator by email, FAX or U.S.Mail. Returning both together will expedite the processing.
- Step 6** Once the Emergency Coordinator (EC) receives your completed Registration Form and Task Book, the EC will arrange a phone call or ZOOM meeting with you. This is an opportunity for both you and the EC to introduce themselves to each other, and to answer any questions.
- Step 7** As the final step, the EC will send you an acceptance letter, along with Sumter County ARES membership credentials.

We look forward to hearing from you.

Sincerely,

Mark Newby, KX4LEO
Emergency Coordinator
Sumter County
